## Terms of delivery and payment conditions

**When ordering three days before the fair starts, rental prices are subject to a 10% surcharge.**

### Collection of payment

The invoice has to be paid before show starts. A collection charge of **EUR 15.00** should be added to foreign cheques.

**Please note:** No liability will be accepted for property belonging to the exhibitor which is left in cupboards, etc.

### Rental conditions

1. The rental object is only made available for the agreed purpose and for the agreed period. An extension of the rental period shall require the written consent of the rental company. The rental company is entitled to invoice an additional rental charge if the rental object is not returned by the agreed time.
2. The rental prices are calculated according to the duration of rental on the basis of the currently valid price list. The statutory VAT is to be added. For objects rented for a trade fair or exhibition the rental prices shall also include the costs for delivery and collection of the rental object within the exhibition grounds. In other cases the valid transport cost rates for delivery and collection of the rental object will be invoiced in addition to the rental price.  
Invoiced rental prices are payable net. Direct orders directly before and during a trade fair are to be paid on award of the order. A collection charge of **EUR 15.00** will be made for foreign cheques. Charges for payments remitted abroad shall be borne by the hirer. If the hirer is in default of payment, interest on arrears amounting to 5% over and above the current discount rate of the Deutsche Bundesbank shall be charged.
3. For loss or damage of the rental object compensation amounting to the cost of replacement may be claimed from the hirer or the cost of repair if this does not exceed the replacement value. Liability shall commence with the takeover of the rental object by the hirer and end with its collection by the rental company. In the case of objects rented for a trade fair, liability shall commence with delivery to the exhibition stand and end when it is collected from there. This shall also apply if the exhibition stand is not occupied. Liability shall end 24 hours after the end of the trade fair at the latest unless the rental object was not made available for collection or another collection date has been agreed. The rental company shall not be liable for damage to property or injury to persons in connection with the use of the rental object unless it is due to wilful action or gross negligence on the part of the rental company.
4. The rental object is not insured. Insurance of the rental object for the period of a trade fair, including the stand construction and dismantling period, is recommended.
5. All orders with no specified date will be delivered in good time so that the rental object is available at the start of the fair. After the end of the fair the rental object will be collected as quickly as possible. The hirer must make the rental object available for collection. If delivery or collection of the rental object is prevented by fault of the hirer, the rental company shall be entitled to charge for any additional expenditure incurred. Hirers collecting rental objects themselves are hereby notified that the objects may only be transported in suitable closed vehicles. In the event of default of payment the rental company reserves the right to refuse delivery of the rental object or to fetch back delivered objects at an earlier date.
6. Rental objects ordered in advance and reserved but not taken delivery of will be charged to the customer in full. If it is possible to rent them elsewhere the customer shall bear the costs incurred for delivery and collection and for any loss of rental fees. In cases of unforeseeable damage the rental company reserves the right to supply equivalent or better replacement objects in place of the ordered rental objects. No claims can be assessed as a result of such replacements.
7. Any complaints the hirer may have must be made within 24 hours of the items concerned having been delivered. Any complaints made after this time will not be accepted.
8. Place of performance and jurisdiction for the hirer and rental company shall be the registered office of the rental company. The laws of the Federal Republic of Germany shall apply even for transactions with foreign customers.
